- Studies have shown that having a mentor is a top factor affecting an employee’s success, career satisfaction, and whether they stay with an organization.
Mentoring Is (1 of 3)

Point out the key words in this definition...

- Mentoring is a partnership...
  - it is not the relationship between an employee and his or her immediate supervisor. Even though there is an inequality in the skills, knowledge and experience of the partners, the partnership itself is equal. Both parties agree to the relationship and both parties are responsible for its success.
What Are The Mentor’s Responsibilities?
Willingness To Be Responsible For Someone Else’s Growth

Look for a person who initiates coaching contacts with others.
